

LYON-LINCOLN ELECTRIC COOPERATIVE, INC.

TYLER, MINNESOTA 56178

LOAD MANAGEMENT SCHEDULE #8

CONTROLLED AIR CONDITIONER

SINGLE OR THREE PHASE

CUSTOMER CHARGE \$40.00 OR \$60.00

RESIDENTIAL, FARM, SMALL COMMERCIAL, PUBLIC BUILDINGS, SCHOOLS AND CHURCHES.

AVAILABILITY:

Available to consumers whose air conditioning system is an integral part of the heating system, such as central air conditioning or a heat pump system, who are receiving service under one of the existing rate schedules, and who will allow their loads to be controlled during periods of peak demand.

This rate is not available to plug-in type window or wall air conditioners.

TYPE OF SERVICE:

Alternating current separately metered at available secondary voltage. This service may be interruptible during peak demand periods.

SERVICE RATE PERIOD:

The rate for this type of service is effective from the May billing period through the September billing period of each year.

RATE:

Meter Charge: \$1.00 each discount month (May - September)

All KWH on a General Single Phase sub-meter will be billed with a 3.26¢ discount.

All KWH on a General Three Phase sub-meter will be billed with a 2.8¢ discount.
