Member Involvement is the Secret Ingredient

Thank You!

The individual cook behind each recipe plays an important role in how ingredients meld together to make memorable bites.

A technique here, a pinch of something there, that intuition of knowing when to adjust some component to accommodate for the weather or quality of an ingredient are decades in the making.

We value our co-op members who have shared not only their favorite recipes through the years but also their insights into what makes the recipe work.

Electric cooperative members know that the recipes published in their local electric cooperative magazine are time-tested by their neighbors. The recipes will feature ingredients that are readily available in the region (there may be a few somewhat exotic components). For the most part, if you have a can of cream of something soup, a pound of ground beef, some flour, eggs and a little salt and pepper, you probably have the basis of many a recipe found here.

We raise our mixing spoons to the hundreds of co-op members who have sent in their recipes over the years.

And we applaud the work of Dawn Trapp who has reviewed the recipes, compiled them for print and made sure our South Dakota, Minnesota and Nebraska cooks shine for their neighbors.

We hope you enjoy this compilation of the first 20 years of recipes found in your local *Cooperative Connections* publication!

Don't Stick A Fork In A Toaster
Kelli May Wilson, 8 years old

Kelli's parents, Kenny & Janet Wilson, Elm Springs, S.D. are members of West River Electric Association.

Kids, send your drawing with an electrical safety tip to your local electric cooperative. All entries should contain your name, age, mailing address and the names of your parents. A light bulb candy jar will be sent to each child whose drawing is published.

An Energy Tip For All of Us

One of the most important things you can do to save energy won't save you any money on your power bill, but it could save energy and money for all of us, today and in the future. It's recycling. You may think of recycling as something we do to keep our landfills from filling up, but recycling is also an important energy saver. It takes 60 percent less energy to recycle paper than it does to make paper from new timber. Making an aluminum can from recycled metal takes an amazing 95 percent less energy than making new aluminum from scratch. And the energy saved by recycling a glass jar will keep a light bulb burning for four hours.

SAFETY TIPS

There are 10 electrical hazards that are more commonly overlooked – and potentially more dangerous – than almost any others, says the National Safety Council. They are:

1. If your **home's electrical panel** has not been inspected for more than 10 years, it's time to get it checked out.
2. Unplug **heat-producing appliances** like irons and toasters when you're not using them.
3. Burning a **100-watt bulb** in a lamp designed for a 60-watt bulb is a fire hazard.
4. **Extension cords** are meant for short-term, not permanent use.

POTATO PIZZA HOTDISH

1 lb. hamburger, browned and drained
1 can Cheddar cheese soup
1/4 cup milk
4 cups sliced, raw potatoes
1 can tomato soup
1/4 cup chopped onion
1/2 tsp. oregano
1/2 tsp. sugar
1/4 tsp. salt
1 (8 oz.) pkg. shredded mozzarella cheese

Combine first 4 ingredients. Pour into a 9x13-inch pan. Cover with foil. Bake at 375°F. for 1 hour. Combine tomato soup, onion and spices, stirring well. Spread over top of hamburger/potato mixture. Top with mozzarella cheese and return to oven until cheese melts.

Bettie Christensen, Bryant Cooperative Connections

POTATO CASSEROLE

1 (16 oz.) pkg. frozen O'Brien or hash brown potatoes, thawed
1 (8 oz.) pkg. shredded Cheddar cheese
1 can cream of chicken soup
1 cup salad dressing
1/2 onion, chopped
1/8 tsp. pepper
2 cups crushed corn flakes
2 T. butter, melted

Combine first 6 ingredients. Pour into a 9x13-inch pan. Mix together corn flakes and butter. Sprinkle over potato mixture. Bake at 350°F. for 45 to 55 minutes or until heated through.

Larica Hoffenke, Iroquois Cooperative Connections

POTATO AND CABBAGE HASH

1/2 cup chopped onion
2 cups chopped cabbage
3/4 cup shredded carrot
1 T. margarine
3/4 lb. chopped, cooked ham
2 cups chopped, cooked potatoes
1 tsp. Worcestershire sauce
Pepper to taste

In a 10-inch skillet, saute onion, cabbage and carrots in margarine until tender. Stir in remaining ingredients. Spread evenly in skillet. Cook over medium heat for 5 minutes, stirring with spatula.

Ilena Jordison, Humboldt Cooperative Connections

5. Use **surge protectors** to guard all of your electronic equipment, including stereos and computers.
6. Test your **ground-fault circuit** interrupters (GFCI) every month. Here's how: Plug a night light into the socket and turn it on. Depress the "test" button. If the light turns off, the outlet works.
7. Keep **appliances** away from water.
8. Screw **light bulbs** in tightly. Loose bulbs can overheat and burn shades and nearby drapes or furniture.
9. **Never yank a cord** out of a wall socket. Grip it in the area closest to the prongs.
10. Never use pennies to **fix blown fuses**. Using pennies to fix blown fuses can cause the electrical panel to overheat and catch on fire.

Flashbake Oven Uses Lightwave Technology

The easy-bake oven of your childhood has grown up. Lightwave technology has been harnessed to create a new breed of ovens that cook food in a fraction of the time of a conventional oven. Though the size and shape of the Flashbake 120 oven resembles a microwave, the

The new Flashbake oven roasts, grills, bakes, broils, browns and sautes using a fraction of the energy of a conventional oven.

Flashbake uses halogen light controlled by a micro-processor to cook food with the moisture, texture and quality one expects from a conventional oven – in half the time. The oven uses a standard 120-volt outlet and uses about 25 percent of the energy of a standard oven. It's easy to use and incredibly versatile – it roasts, grills, bakes, broils, browns and sautes.

The Flashbake oven is available as a countertop or a built-in wall unit. The countertop model sells for about \$1,750 and the built-in model sells for \$1,895. The oven is available in a sleek stainless steel or painted steel in white or black. For more information, visit www.flashbake.com or call 1-888-THE-OVEN.

Call Before You Dig!

Whether you're getting ready to plant a tree, putting in a fence post or undertaking a large excavation project, your first step should be to call to locate any underground utilities. Calls should be made at least 48 hours in advance, not counting Saturdays, Sundays and legal state holidays. When you call, your information is put into a computer and any utilities that may have lines or pipes

underground are contacted to come mark their facilities. When you call, be prepared to answer these questions:

What type of work are you doing? Where is the work site located? How long will the work take? Will you be doing tunneling or boring? What is the expected depth of excavation? What are the township, range, section and quarter section coordinates of the job site?

South Dakota residents call South Dakota One Call at 1-800-781-7474. Minnesota residents call Gopher State One Call at 1-800-252-1166. Nebraska residents call Diggers Hotline of Nebraska at 1-800-331-5666.

To hit an underground utility facility could be extremely dangerous or fatal, and to repair a buried utility facility could be very costly. For more information about buried utility lines, contact your local electric cooperative.

THREE-BERRY YOGURT PUDDING SWIRL

| 1 lb. fresh strawberries | 1 (6 oz.) pkg. fresh blueberries |

Spoon cheese into bowl or small chafing dish; sprinkle with chorizo, tomato and cilantro. Spoon about 2 table-spoons mixture on each tortilla and roll up for wraps. If desired, cheese mixture can be served as a dip for tortilla chips or cut vegetables; it may be necessary to add more milk if mixture is too thick for dipping. Can-can Chicken

- 1 (4 to 5 lb.) chicken
- 3 T. tomato-basil-garlic seasoning blend
- 1 (16 oz.) can beer
- 1 to 2 tsp. olive oil

Remove giblets, fat, etc. from inside of chicken. Clean, wash and pat chicken dry with paper towel. Sprinkle 1 tablespoonful of seasoning blend inside body cavity. Rub outside of chicken with light layer of olive oil, then rub seasoning blend all over outside of chicken. Open can of beer and pour out half. Pre-heat barbecue grill to 450°F. Holding the chicken upright, with the opening of the body cavity down, set the chicken down onto the half-full beer can. Place on indirect heat on barbecue grill. To help support the body on top of the can, place the legs off to the side to form a tripod. Close barbecue lid and roast for approximately 1-1/2 hours or until the meat is falling off the bone tender. To serve, remove the bird from the grill using tongs. Be sure to have a platter nearby and be careful not to burn yourself with hot beer. Let stand 5 minutes before carving. Discard the beer can.

SAWDUST & SHAVINGS

Woodworking: Getting Started

By Ted Martin

To most people, they're only boards. But to a woodworker, those pine, walnut or cherry planks are a beautiful piece of furniture or a family heirloom just waiting to be built. Woodworking is one of America's fastest-growing hobbies. It's fun, relaxing, creative and productive – and it needn't be any more expensive than you want it to be.

Usually, some event inspires us to begin working with wood. For me, it was a frustrating hike through furniture stores looking for a bookcase. "Something sturdy and not too expensive," I told salespeople. "It's for my daughter's bedroom." They'd scratch their heads and say, "Actually, we don't carry many of those." Most of what they showed me was too flimsy, too expensive – or both. Finally, my wife turned to me and asked, "Could you build one?" A week later, in my garage, I scrounged-up a few boards, some nails, a hammer and a saw. "This'll be a cinch," I told myself.

Yeah, right. Within minutes, I found that cutting two boards (for the sides of my bookcase) to an equal length would be, apparently, impossible. I'd cut one board and use it to trace the length for the second. Somehow, though, the second wound-up a hair longer than the first. What to do? Simple! Shorten it a smidge. But, invariably, I would shorten it a smidge and a half, making it shorter than the first. "Hey, no big deal! I'll just whack another little bit off that first one."

Forty-five minutes later my wife popped-in: "How's it coming?"

"Not so good," I muttered, lips drawn tight with frustration. "It's gonna wind-up about the right size for a bird-house."

She thought I'd beamed myself with the hammer. With a concerned gaze she said, "But Honey, a bookcase for birds doesn't make much sense..." Believe me, that little bookcase came within an inch of landing in the garbage can. But I kept at it and it's been standing (a little lopsided) in my daughter's room for years.

So, if your first attempts at woodworking are a little shaky, hang in there. Before you know it, you'll be building furniture you'll be proud of. That's the beauty of woodworking; you can get as good as your vision, your equipment, your materials and your time will allow.

Next month, the tools you'll need. ■

SAFETY TIPS

Look Out Above!

You've heard it before: be careful when using any ladder, especially a metal ladder, around power lines. If you can, replace metal ladders with wood or fiberglass if you're going to use it anywhere near a power line or electricity source. If you must use a metal ladder, here are a few additional cautions to keep in mind:

- Never use metal ladders when handling an improperly grounded power tool or contacting an electrical source, such as a light socket. Metal stepladders and extension ladders meeting Underwriters Laboratories and American National Standards Institute voluntary standards have labels warning about this hazard.

- Carefully check the location of all overhead wires before using a ladder, especially where the lines connect to the

house. Any power line (including the line running from the street to your house) can permit electricity to flow into a piece of metal or other object, such as a wet tree branch, that touches it.

- Power lines and phone lines often appear similar. Assume that all overhead wires carry electricity. Some overhead lines are coated to extend the life of the line. The coating is not intended to protect against electrocution.

- Lower the ladder when carrying or moving it to avoid touching an overhead wire.

- Never work on a windy day when a gust of wind can cause the ladder to shift and touch an overhead wire.

- Never place a ladder where it could slide into an overhead line. Make sure the distance to the nearest overhead line

is at least twice the length of the ladder.

- Place the ladder's feet on solid, level ground before climbing it. When the ground is not level or is soft, put a flat piece of wood under one or both feet of the ladder to provide a solid, level base. If possible, tie off the ladder to prevent it from moving.

- If the ladder should start to fall into an overhead line, let it go. Never try to move it. Do not leave the ladder unattended. Call your cooperative and report the problem.

- If someone is holding the ladder when it contacts the overhead line, never try to pull them away with your hands. ■

Frickadeller – The National Dish of Denmark

- 1/2 lb. ground lean beef
- 1/2 lb. ground pork
- 4 slices whole wheat bread
- 1/2 cup heavy cream
- 1/2 tsp. nutmeg
- 1/4 tsp. salt
- 1/2 tsp. freshly ground black pepper
- 1 small yellow onion, finely minced
- 1 egg, well-beaten
- 1/2 cup club soda

If possible, have butcher grind both meats together twice. Soak bread slices in heavy cream. In a large bowl, mix meat, nutmeg, salt, pepper and onion. Add egg and cream-soaked bread, beating vigorously until thoroughly blended. Slowly add club soda, beating gently so mixture becomes slightly fluffy. Place bowl, covered, in refrigerator for approximately 45 minutes to chill. Remove mixture from frig and proceed making small oblong shapes or, if you prefer, small patties. Heat skillet, add small amount of vegetable oil and 1 pat of butter, coating bottom thoroughly. Place patties in skillet, lower heat to medium and cook until bottom of patties are crisp and crusty. Turn over patties, cooking until well done – about 8 minutes on each side. Continue this procedure until all patties are cooked, placing each batch on a warm platter. This dish is traditionally served with either pickled beets or red cabbage and boiled potatoes.

Teriyaki Salmon Skewers with Grapefruit

- 1 large pink grapefruit
- 1 cup 100% Florida grapefruit juice
- 1/4 cup reduced sodium soy sauce
- 2 T. tomato paste
- 2 T. Worcestershire sauce
- 2 T. brown sugar
- 2 T. rice wine or apple cider vinegar
- 2 cloves garlic, minced
- 1 lb. boneless, skinless salmon, cut into 1-inch chunks

Cut the top and bottom off of the grapefruit. Place it cut-side down on a cutting board. With a small paring knife, cut along the curve of the grapefruit and remove the peel, exposing the fruit. Turn grapefruit on its side and cut 1-inch slices across the membrane (slices will have a flower-like appearance with the membrane intact). Cut each "flower" in half and set aside. Pour grapefruit juice into a small saucepan. Add soy sauce, tomato paste, Worcestershire sauce, brown sugar, vinegar and garlic. Bring to a boil. Reduce to a simmer and cook 15 to 20 minutes, stirring occasionally until the sauce reduces by half and starts to thicken. Set aside. Cover 2 cookie sheets with aluminum foil. Coat the aluminum foil with cooking spray. Thread salmon, tomatoes, peppers, zucchini, onion and grapefruit slices onto skewers. Drizzle with half the teriyaki sauce and bake at 400°F. for 10 to 12 minutes until the vegetables are soft and the salmon is no longer translucent in the center but still moist. Drizzle with remaining sauce and serve immediately.

Carrot, Celery & Leek Soup with Cornbread Dumplings

- 2 T. olive oil
- 2 T. unsalted butter
- 3 leeks, white part only, thinly sliced
- 6 carrots, thinly sliced
- 2 stalks celery, thinly sliced
- 1/2 tsp. salt
- 1/2 tsp. dried thyme
- Pinch freshly ground black pepper
- Pinch cayenne pepper
- 6 cups chicken or vegetable stock
- 1 cup half-and-half cream
- 1/4 cup minced fresh flat-leaf (Italian) parsley

Cornbread Dumplings:

- 1 cup all-purpose flour
- 1/4 cup stone-ground cornmeal
- 1 tsp. baking powder
- 1/4 tsp. baking soda
- 1/4 tsp. salt
- 2 eggs, beaten
- 1/2 cup buttermilk
- 2 T. unsalted butter, melted
- 1/2 cup frozen corn kernels, thawed

In a large pot, heat oil and butter over medium-high heat. Add leeks and sauté until starting to soften, about 2 minutes. Add carrots, celery, salt, thyme, black pepper and cayenne; sauté until vegetables start to soften, about 5 minutes. Add stock, cream and parsley; bring to a simmer. Reduce heat and simmer, stirring occasionally, while you assemble the dumplings. In a large bowl, combine flour, cornmeal, baking powder, baking soda and salt. In another bowl, whisk together eggs, buttermilk and butter. Pour over dry ingredients, along with corn. Using a large spatula, fold the dry ingredients into the wet just until mixed. (Don't over mix or the dumplings will be heavy and tough.) Drop dumpling batter by tablespoonfuls into simmering soup. Cover, reduce heat to low and simmer until vegetables are tender and dumplings are cooked through, about 20 minutes. Ladle into heated bowls.

The Queen's Jewels (Dronningens Juvel pa Norsk)

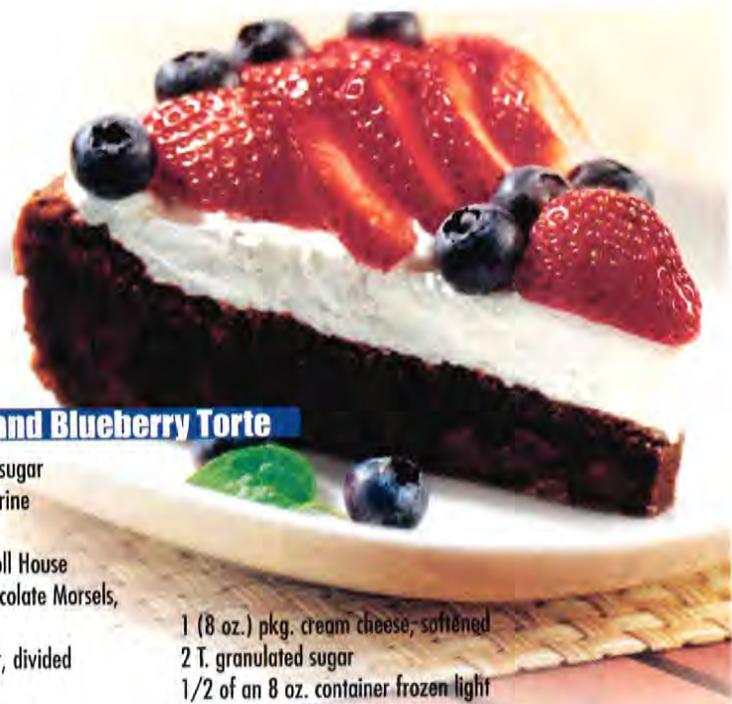

- | | |
|---------------------------------|--|
| Batter: | Filling and Topping: |
| 1 cup whole pecans or hazelnuts | 2 cups whipping cream |
| 2-1/2 T. flour | 1 or 2 bananas |
| 2 tsp. baking powder | 4 oz. dark cooking chocolate |
| 4 eggs | (Norwegian Freia Dronning Sjokolade, if available) |
| 3/4 cup + 2 T. sugar | |

Place the bowl for whipping the cream into freezer or refrigerator. Grind or process the nuts. Combine the flour, baking powder and nuts. In a separate medium bowl, whip the eggs and sugar until fluffy. Carefully fold nut mixture into whipped eggs and sugar. Cut parchment paper to fit bottom of a large pan (such as 16x20 inches). Grease pan and lay paper on top. Pour a thin layer of batter on paper. Bake at 480°F. for 5 to 7 minutes. When cake is ready, sprinkle a little sugar on it and let it cool. Whip the cream until stiff, shave the chocolate (a potato peeler works) and cut bananas into thin, round slices. Reserve some of each for garnish. Flip the cake with a cooling rack into the serving dish and peel away the paper. Place the whipped cream, shaved chocolate and banana slices on cake. Roll the cake together to make a long loaf. Garnish with cream, chocolate and bananas. Cover and refrigerate. **Note:** Alternative to assembling the dessert: Find large glass bowl (as for a trifle recipe) and layer the cake, whipped cream, chocolate and bananas – still looks great and less headache.

- 1/4 cup honey
- 2 T. sugar
- 1 T. fresh grated ginger or 1/2 tsp. dried
- 1 tsp. chili paste
- 1 to 2 cloves garlic, minced
- 2 tsp. fish sauce, optional

Thread steak onto 16 12-inch bamboo or metal skewers. Place skewers in a large baking dish. Combine remaining ingredients in a small bowl; pour over meat. Cover and refrigerate 2 to 12 hours. Spray the broiler rack or grill with nonstick spray; preheat broiler or grill. If grilling, have heat up to 450°F. to 500°F. Drain the marinade into a saucepan; bring to a boil. Cook, stirring occasionally, over high heat until the sauce is thickened and the consistency of syrup – about 15 minutes. Meanwhile, place the skewers on the broiler rack or grill and cook 4 inches from heat, turning frequently, until meat is browned on both sides, about 8 minutes total. Arrange skewers on a platter and drizzle with sauce. Note: if using bamboo skewers, soak in cold water at least 30 minutes before using to prevent burning.

Tuna Stir-Fry Over Whole Wheat Vermicelli

- 12 oz. tuna steak, cut into 1/2-inch cubes
- 2 tsp. canola oil
- Canola oil cooking spray
- 1 garlic clove, smashed
- 2 pieces ginger, cut into 1/4-inch rounds
- 1 large carrot, peeled, halved lengthwise and cut into 1-inch diagonal pieces
- 8 to 12 spears asparagus, ends trimmed and cut into 2-inch pieces
- 8 oz. shiitake mushroom, stems discarded and tops cut into 1/4-inch strips
- 1 cup frozen edamame beans, thawed
- Stir-Fry Sauce:**
- 1/4 cup reduced-sodium soy sauce
- 1 T. ginger, grated
- 2 cloves garlic, minced
- 1 T. cornstarch
- 1 T. water
- 1 pound whole wheat vermicelli, cooked according to box instructions

In medium bowl, toss tuna with canola oil (this ensures perfectly seared tuna). Set aside. Heat wok or skillet to medium-high to high heat. Spray canola oil cooking spray to coat pan; add smashed garlic and ginger pieces to flavor oil. After 20 seconds, add carrots. Cook for 2 to 3 minutes, then add asparagus. Spray more canola oil if necessary to keep vegetables from sticking. Cook for additional 2 minutes or until asparagus is bright green and carrots are tender. Remove vegetables from pan and set aside on flat plate. Spray pan with canola oil cooking spray or oil. Add mushroom pieces. Cook for 2 to 3 minutes until browned. Remove from pan. Reheat pan to medium-high to high heat. Add tuna in 2 to 3 batches without crowding pan. Gently move tuna around with spatula. Sear tuna until just cooked. Remove and set aside. Return carrots, asparagus and mushroom to wok or skillet. Add edamame and tuna. Make a well in center and pour stir-fry sauce in middle. Coat vegetables with sauce and quickly bring to a boil. Serve tuna-vegetable mix over hot vermicelli. Yield: 6 (1-cup) servings .

Creamy Chicken Taquitos

- 3 oz. cream cheese, softened
- 1/4 cup salsa
- 1 T. fresh lime juice
- 1 tsp. chili powder
- 1/2 tsp. cumin
- 1/2 tsp. onion powder
- 2 cloves garlic, minced
- 3 T. chopped cilantro
- 1 to 2 green onions, chopped
- 2 cups shredded cooked chicken
- 1 cup shredded Mexican cheese (Cheddar, pepper jack, etc. would also be good)
- 10 to 12 6-inch flour tortillas
- Cooking spray
- Kosher salt

Line a baking sheet with a silicone mat or parchment paper. In a large mixing bowl, combine first 11 ingredients; mix thoroughly until well combined. Briefly heat tortillas in the microwave to make soft enough to roll easily, about 20 to 30 seconds. Place a tortilla on work surface. Spoon 2 to 3 T. of filling down the middle of the tortilla. Roll tortilla up tightly. Place seam-side down on baking sheet. Repeat with remaining tortillas and filling, spacing assembled taquitos evenly on baking sheet. Spray tops lightly with cooking spray and sprinkle with a pinch of kosher salt. (You may be tempted to skip the sprinkle of salt but it really adds a nice touch.) Bake at 425°F. for 15 to 20 minutes, until crisp and golden brown. Serve with sour cream and salsa, if desired. Note: To freeze before baking, transfer baking sheet to freezer and chill assembled taquitos 30 to 60 minutes. Transfer to a freezer-safe container or plastic bag. To bake from freezer, simply add a few minutes to the original baking time, until the filling is warmed through.

Baked Pork Egg Rolls

- Cooking spray
- 4 cups coleslaw mix
- 2 green onions, thinly sliced
- 1 lb. cooked pork tenderloin, trimmed
- 1/2 cup chopped fresh cilantro
- 3 T. hoisin sauce
- 16 egg roll wrappers

Spray large baking pan with cooking spray. Place coleslaw mix and green onions in a medium microwave-safe bowl. Cover with wax paper and microwave on high until softened, 5 minutes. Transfer to a plate and let cool slightly. Finely chop the tenderloin. Combine tenderloin, coleslaw mixture, cilantro and hoisin sauce in large bowl and toss to mix well. Working with 1 egg roll wrapper at a time (keep remaining wrappers covered to prevent drying), place wrapper on a work surface with one corner pointing toward you. Brush edge of wrapper with water. Spoon about 1/4 cup pork tenderloin mixture in the center of wrapper. Fold bottom corner of wrapper over filling. Fold in sides and roll up. Don't worry if your first egg roll doesn't look perfect; you'll master the easy technique after rolling a couple. Place egg roll seam-side down on plate and cover with damp paper towels to prevent drying. Repeat with the remaining wrappers and filling. Arrange egg rolls in a single layer seam-side down in prepared baking pan. Lightly spray egg rolls with cooking spray. Bake at 425°F. until the bottoms are lightly browned, about 8 minutes. Turn egg rolls and bake until tops are lightly browned, about 3 minutes longer. Serve hot or warm. Makes: 16 servings

- 1 lb. boneless pork sirloin chops, cut into 1-inch cubes
- Coarse salt
- Freshly ground black pepper
- 1 T. all-purpose flour

- 1 tsp. cinnamon

Pour into crust. Roll remaining dough to a 15x10-inch rectangle. Fold dough crosswise into thirds. Place apples on top and unfold dough. Crimp edges or use the tines of a fork to seal. Cut slits in the top. Brush top with beaten egg white. Bake at 350°F. for 1 hour or until apples are tender. In a small bowl, combine powdered sugar, 1 to 2 tsp. water and vanilla. Cinnamon Roll Pancakes

- | | |
|------------------------------|-----------------------------------|
| 4 cups all-purpose flour | 1-1/2 cups brown sugar,
packed |
| 2 tsp. baking powder | 2 T. ground cinnamon |
| 2 tsp. salt | Cream Cheese Glaze: |
| 4 cups milk | 1/2 cup butter |
| 4 T. vegetable oil | 4 oz. cream cheese |
| 4 large eggs, lightly beaten | 1-1/2 cups powdered sugar |
| Cinnamon Filling: | 1 tsp. vanilla |
| 1 cup butter, melted | |

For pancakes, mix dry ingredients in one bowl and wet ingredients in another bowl. Stir them together until moistened leaving a few lumps. Combine cinnamon filling ingredients. Place in a disposable piping bag and snip the end off or put in a Ziploc bag and snip the corner off. Heat griddle to 325°F as you don't want these to cook too quickly. Make desired size pancake on greased griddle and then, using the piping bag and starting at the center of the pancake, create a cinnamon swirl. Wait until the pancake has lots of bubble before turning it. You will find that when you turn it, the cinnamon swirl will melt. If you have your griddle too hot, it will burn the cinnamon, so I suggest 325°F. The cinnamon melts out and creates the craters which then fill perfectly with the cream cheese glaze. For glaze, in a microwave-safe bowl melt butter and cream cheese; stir together. Whisk in powdered sugar and vanilla. Add a little milk if needed to make it a glaze consistency. Drizzle over pancakes.

Apple-Infused Coleslaw in a Jar

Vinaigrette:

- 2 cups Apple NESTLÉ® Juicy Juice® All Natural 100% Juice
- 1/4 cup apple cider vinegar
- 1/2 tsp. fine sea salt
- 1/4 tsp. freshly ground black pepper
- 2 T. Dijon mustard
- 1 T. honey
- 1/4 cup canola oil

Coleslaw:

- 5 cups each thinly shredded purple and green cabbage, divided
- 2 cups shredded carrot and/or thinly sliced red bell pepper, divided
- 8 T. sliced green onions, chives or shredded fresh basil, divided

8 (pint-size) mason jars

For vinaigrette: Place Juicy Juice in medium saucepan and bring to a boil over medium heat. Boil for about 25 minutes or until reduced to 1/4 cup (reducing the juice will add more sweetness and deepen the apple flavor). Cool to room temperature. Whisk together reduced juice, vinegar, salt, pepper, mustard and honey. Gradually add oil in a slow, steady stream, whisking constantly until blended. Divide vinaigrette between each of eight mason jars.

For coleslaw: Layer about 1/3 cup purple cabbage, 1/3 cup green cabbage, 2 T. carrot and 1 T. sliced green onions in each mason jar. Add another layer (same quantities excluding green onions) of purple cabbage, green cabbage and carrots. You should have about an inch gap between coleslaw and lid so that it is easy to shake; seal closed. When ready to serve, simply shake to coat. Jars of unshaken coleslaw can be refrigerated for up to 3 days. Cook's Tip: In a hurry? Skip reducing the apple juice and just use 1/4 cup apple juice. Increase honey to 2 T. total. Candy Cane Brownie Lollipops

- 1 pkg. (18-21 oz.) fudge brownie mix (plus ingredients to make brownies)
- 24 candy canes
- 10 oz. chocolate-flavored almond bark
- Additional decorations such as red jimmies (optional)

Line medium sheet pan with a 13-inch piece of parchment paper; lightly spray with nonstick cooking spray and set aside. Prepare brownie mix according to package directions; pour batter into pan. Bake 30 minutes or until wooden pick inserted in center comes out with moist crumbs attached. Remove from oven to cooling rack; cool 20 minutes or until still slightly warm. Meanwhile, cut straight ends of candy canes off to form 4-1/2-inch sticks using utility knife. Place candy cane tops into resealable plastic bag and crush using flat side of meat tenderizer; set aside. Using a medium scoop, scoop brownie into 24 rounded scoops, packing brownie into scoop using hands. (Entire brownie will be used.) Roll brownie scoops into smooth balls. Insert candy cane sticks into centers of balls, mounding brownie around each stick. Place almond bark into microwave-safe bowl; microwave according to package directions until smooth. Spoon melted bark evenly over each brownie ball, turning to coat completely. Allow excess bark to drip off. Dip into reserved crushed candy canes or jimmies and stand upright on a piece of parchment paper. Repeat with remaining almond bark, lollipops and crushed candy. Let stand until set. Place into miniature cupcake liners.

Cook's Tips: Although the edges of the brownies are crusty, they don't need to be discarded. Simply scoop the edges along with the center; they'll soften as they stand. If desired, lollipop sticks or stick candies can be substituted for the candy canes. Wrap lollipops in cellophane, tie with ribbon and use as table décor, place cards or take-home goodies for a special holiday touch. 24 Servings

Satisfying Seafood

Cajun Beer-Basted Red Drum on the Grill

- 3 lbs. fish filets, skin on but not scaled (walleye works great)
- 1 T. garlic, minced
- 1/2 tsp. black pepper
- 4 T. butter
- 2 T. Cajun seasoning
- 3 T. Worcestershire sauce, divided
- 3 garlic cloves
- 2 T. minced onion
- 2 T. minced green pepper
- 2 T. minced parsley
- 12 oz. beer

Heat grill to medium. Rinse filets and pat dry. Sprinkle cut sides with minced garlic and pepper, pressing gently into filets. In small saucepan, melt butter over medium heat; add 1 T. Worcestershire sauce, cajun seasoning, garlic, onion, green pepper and parsley. Stir and sauté until onion is transparent and sauce darkened and slightly thickened. Do not burn garlic – it will become bitter and spoil the taste. Add beer and remaining Worcestershire sauce; simmer for 15 minutes on medium-high heat. Lay filets onto oiled grates or place on oiled aluminum foil over grill grates (the preferred method so the filets do not flare up). Cook 20 minutes over low-medium heat, unfolding the aluminum foil only to baste generously with sauce. Fish is done when the thickest area flakes off easily.

Rosettes (Scandinavian)

- 2 eggs
- 1/4 tsp. salt
- 1 cup flour
- 2 T. sugar
- 1 tsp. vanilla
- 1 cup milk
- Hot oil

Beat eggs slightly. If beaten too much, rosettes will blister. Add sugar, salt and vanilla. Lemon extract may be substituted. Add flour and enough milk to make a smooth batter. Gradually add the rest of the milk and stir until smooth. The batter should be the consistency of cream. Heat oil in an electric skillet set at 400°F. Dip molding iron in hot oil for about 30 seconds then drain and dip into batter, being careful not to let any of the batter cover over the top of the iron. Immerse in hot oil and fry until light brown in color, 20 to 25 seconds. Place upside down on rack or absorbent paper. Dip top in sugar while warm.

South Dakota Walleye

- 1/3 cup melted butter

- 1/4 tsp. salt
- 12 oz. walleye fillets
- Dash of pepper
- 1 T. sesame seeds

Lightly grease bottom of casserole. Combine butter, bread crumbs and salt. Arrange fish in casserole. Lightly sprinkle with pepper. Top with bread crumb mixture. Sprinkle sesame seeds over all. Bake, uncovered, at 350°F. for 30 to 35 minutes.

Shrimp Boil

- Cheap beer, enough to cover the shrimp by 2 inches
- 1 T. celery seed
- 1 T. cumin seed
- 1 T. caraway seed
- 1 T. poppy seed
- Several lbs. large peel and eat shrimp
- Melted butter, enough for each diner

In a deep soup pot, bring beer and seasonings to a boil. Be sure the seeds have swollen. It is important to allow the seeds to swell in size as this allows the flavor to develop. Add shrimp and boil together for 5 to 10 minutes to insure the shrimp are cooked. Be careful to prevent the pot from boiling over. (You can reuse this liquid to cook more shrimp.) At the end of the time, scoop enough shrimp from the pot for each diner to begin. Don't rinse them off. Peel and dip into melted butter. Note: Don't worry about manners and dining – put newspapers on the tabletop, have plenty of paper towels, peel the shrimp and throw the shells onto the newspaper. When dinner's over, simply remove the place settings, roll up the papers and throw in the trash. Of course, wash your hands before you pet your friendly feline!

Savory Seafood

Lemon Pasta with Spinach and Shrimp

- | | |
|--|--------------------------------------|
| 2 T. butter | 1/4 cup freshly squeezed lemon juice |
| 2 T. olive oil | 1 T. grated lemon zest |
| 1 lb. uncooked large shrimp, peeled and deveined | 1/3 cup ricotta cheese |
| 1/4 tsp. salt | 1/2 tsp. black pepper |
| 8 oz. pasta such as fusilli | 8 oz. baby spinach leaves, fresh |
| 1 cup finely chopped onion | 1 cup fresh grated Parmesan cheese |
| 1 cup chicken broth | |

Melt butter in large skillet. Add olive oil and heat until very hot. Add shrimp and salt; saute until shrimp turns pink. Remove shrimp and set aside. Cook pasta in well-salted water until al dente. While pasta is cooking, add onion to butter and olive oil mixture; cook over medium heat until onion is soft. Add broth to pan, along with lemon juice and zest. Cook and stir until mixture reduces slightly and takes on a thicker consistency. Add ricotta cheese and pepper, stirring until smooth. Pull the al dente pasta out of the boiling water with a strainer. Drop it into the sauce. The little bit of starchy water that goes in with the pasta will help thicken the sauce. Stir in shrimp and spinach. The spinach will wilt as it heats up. When well combined and heated through, stir in Parmesan cheese. Makes 4 servings.

Omelet in a Bag

2 large eggs	Green pepper, diced
Ham or bacon pieces	Mushrooms, chopped
Onion, chopped	Grated cheese
Tomato, diced	

Give each guest a quart-size Ziploc freezer bag and have them write their name on the bag with a permanent marker. Crack 2 eggs into each bag (not more than 2). Shake to combine them. Put out a variety of ingredients and let each guest choose what they want in their omelet. Shake the bag. Zip the bag after making sure to get all the air out. Bring a large kettle of water to a full rolling boil. Place the bags into the water. When the water begins to boil again, boil for exactly 14 minutes. You can usually cook 6 to 8 omelets at a time. For more, make another kettle of boiling water. Open bags and the omelet will roll out easily. Serve with fresh fruit and coffee cake.
